## **Birmingham Newman University**

The university is named after the 19<sup>th</sup> century cardinal St John Henry Newman who wrote 'The idea of a university' in 1852, and we are still guided by the vision of a community of scholars. The university is built around community, and the belief that education enables students to develop new ways of understanding the world, to help make a positive impact within it. This is delivered through smaller class sizes and an interactive learning style. The Catholic ethos has been retained and our students are from all faiths and none. The university is proud of its diverse, friendly and inclusive environment, where students are welcomed and receive transformational learning opportunities together with support in preparing for employment.

The modern single campus, eight miles southwest of Birmingham city centre has had a recent £20M investment into the campus facilities, building Halls for 200 students, and improving the teaching, learning and social spaces for students. A new law court, a careers and employability hub together with a computer science lab, and accessible student helpdesk are some of the additional facilities and improvements made for our students. The university continues to build its environmental sustainability, already generating 20% 193000kW, of our energy used via on site of solar energy.

In addition, the building of a new School of Nursing and Allied Health has been established to broaden the curriculum including new courses in Adult Nursing, Mental Health Nursing and Physiotherapy which started in September 2023. The university will be providing qualified practitioners from diverse backgrounds, for the local West Midlands Health sector, and beyond.

We are proud to be ranked as a Top 10 University for social inclusion in the Sunday Times Good University Guide 2023, as well as 1<sup>st</sup> in Birmingham for student satisfaction in the 2022 National Student Survey. Enrolments from non-selective state schools are one of the highest in the country (99%) and Newman has the biggest proportion of students who are first in their family to experience higher education (72.2%), with more than 45% of students coming from Black, Asian or ethnic minority backgrounds. The university runs outreach programmes and has many partnerships with schools and further education colleges in the region offering support and opportunity to pupils.

The university is 'teaching-led' and does not employ staff for research alone but ensures that students have regular contact with active researchers. With our distinctive commitment to transformational impact, we maintain our mission to make a positive difference to individuals and communities through our excellent. In the latest Research Excellence Framework (REF 2021) Newman doubled our number of academic teams submitting work, and also doubled research of world-leading status. Research is undertaken across a wide range of academic and professional disciplines and attracts external funding.

### **Our mission**

To serve our diverse communities by making high-quality, globally connected education accessible to all those who are able to benefit from it, as well as engaging in research, scholarship and professional practice that informs our learning and teaching and has a positive impact on society.

### **Our values:**

- We champion and give voice to the catholic traditions of education, equality, and social justice.
- We respect and value all contributions, recognising that we are a single community, inspired and united by our shared vision and mission.
- We place student learning and welfare at the centre of all we do and we offer a nurturing environment for all students.
- We are ethical, honest and humane. In difficult situations, we will seek to work with understanding, kindness and compassion.
- We recognise and embrace the power of community and build respectful relationships that help us excel.
- A mission of service motivates us, seeking the common good with care and love.

**Our strategic objectives:**

- To transform students' lives
- To work in partnership with our students
- To grow our institution
- To nurture our staff
- Add to knowledge and cultivate wisdom
- Serve our diverse community and the wider world

The 2020 – 25 strategic plans focus on the success of our students, and the growth of student numbers. Our growth will be responsible and sustainable aligned to our mission and values enabling students to gain an outstanding experience and to succeed in their chosen careers. The university offers opportunities for lifelong learning for those returning to learning or seeking a career change irrespective of age, background, or previous educational experience.

Providing a personalised student experience is a hallmark of the Birmingham Newman University offer, we listen to our students to continually shape the university experience, to ensure that our students are at the heart of all that we do.
